BABY SCALE „Multina Comfort“

Product number 8352

Characteristics

The Baby Scale 8352 "Multina Comfort" from Soehnle Professional is characterized by a simple and easy handling together with a safe operation. The non-slip surface of the weighing platform is furthermore easy to clean and disinfect. Thanks to the removable baby tray the baby scale "Multina Comfort" can also be used to weigh children. The LCD display with 13 mm high digits enables easy reading of the determined weight. The optional baby height rod is simple in handling and creates an added value to the user beyond the actual weighing function, by enabling the simultaneous determination of body weight and the baby's body size.
